promevo™

Google Cloud empowers businesses to be more agile, innovative, and competitive in today's rapidly evolving digital landscape. However, actually getting to the cloud is often easier said than done.

Join Promevo for a multi-step **Cloud Foundations Workshop,** where our Google-certified team will assess your organization's cloud-readiness and develop a **comprehensive roadmap to successfully migrate your workflows** and applications to Google Cloud and set up your organization for growth.

What You Get With Google Cloud

- Test and design applications without relying on physical infrastructure
- Develop, deploy, or retire products in an instant
- Increase your security posture and protect your sensitive data from all angles
- Scale your resources and storage as needed in order to meet your business's operational demands
- Access and manage your resources from anywhere at any time
- Only pay for the resources you need
- Embrace gen AI and other transformative cloud technologies

What You Get With Promevo

- Virtual technical discovery, architecture planning and design session facilitated by Promevo
- Finalized Technical Design document, including reference architecture, recommended implementation strategy, and assessment of risk
- Complete onboarding checklist
- Environment setup for scalable, production-ready workloads configured billing ID
- Recommended next steps
