

Google Workspace Training: **Deployment & Adoption**

Drive immediate value from your Google Workspace investment. Promevo's workshops empower your team to master core apps, adopt collaborative habits, and integrate Gemini AI into their daily workflows.

Our 4-Phase Approach

Plan

Define rollout priorities and communication strategies

Configure

Tailor sessions based on pre-workshop team surveys.

Train

Hands-on sessions focused on real-world use cases and Gemini productivity.

Measure

Review engagement insights to strengthen long-term adoption.
